Policy Document

Who is this cover designed for?

Summary	Description
For many of us, gadgets are playing more of a role in our everyday lives and it is important to us that we ensure that we can continue to use them as frequently as we do	This policy is designed for people who do not have their gadget insured elsewhere, or wish to cover them separately, and who want to cover the costs of repair or replacement should the item breakdown outside of the manufacturers' warranty, be damaged, lost or stolen. This insurance is subject to an excess and the terms and conditions, including exclusions, are set out in this document. This cover is provided on the condition that you are a UK resident and over 18 years of age.
It is important to note that gadget insurance is offered on the understanding that you will take care of your gadget.	Having insurance does not mean that you can take risks with your gadget which you would not take if your gadget was not insured as doing so may result in your claim being declined. Further details can be found in the section 'What you are NOT covered for'.

If we are unable to validate the mobile phone was being used then we may decline your claim.</p>
Any gadget not registered on your policy	<p>This policy only covers the gadgets detailed on your schedule of insurance.</p> <p>If you want to insure any new gadgets you have then you need to take out additional insurance to cover those items. It is important to check your schedule of insurance regularly and advise us of any changes.</p>

<p>More than 2 loss or theft claims in a 12 month period for each insured item</p>	<p>There is a limit of 2 successful claims for loss or theft for each insured item in any twelve month period, beginning from the start date detailed on your certificate of insurance.</p> <p>For example if you purchase your insurance on the 1st January, you are limited to only two successful claims for loss or theft up until 1st January the following year.</p> <p>There is no limitation on claims for damage or breakdown.</p>
<p>Loss, theft, damage or breakdown as a result of not taking care of your gadget</p>	<p>We know how important your gadget is to you and we expect that you will take care of your gadget. If you don't take care of your gadget then we may not pay your claim.</p> <p>Taking care of your gadget means –</p> <ul style="list-style-type: none"> • Not knowingly leaving your gadget somewhere it is likely to be lost, stolen or damaged, just think would you leave your wallet or purse there? • If you need to leave your gadget somewhere then we expect you to lock it away out of sight if at all possible. If you cannot lock it away then you must leave it with someone you trust or concealed out of sight in a safe place. • Making reasonable enquiries to find your gadget if you think you have lost it. • Not intentionally damaging your gadget <p>If you knowingly leave your gadget where others can see it but you cannot and your gadget is then lost or stolen we may not pay your claim.</p> <p>We will always take into account where you are and what you are doing when we assess whether you have taken care of your device. If we believe you have not taken care of your gadget, and have knowingly taken a risk with it, we may decline your claim.</p> <p>If you knowingly leave your gadget somewhere you can't see it but others can, we may decline your claim for not taking care of your gadget – for example:</p> <ul style="list-style-type: none"> • in a cafe or pub you leave your gadget on the table when you go to the bar to pick up your drink instead of taking it with you • leaving your gadget on display in your car • leaving your gadget in the care of someone you don't know well • if you are at the gym and you leave your gadget on a bench in the changing rooms rather than taking it with you or locking it in a locker <p>All of these examples increase the risk of it being lost, stolen or damaged and may result in your claim being declined. The examples are to help you understand what's covered, and are not the only reasons a claim could be rejected.</p>

For example, a scratched screen would not be covered but a cracked screen would be covered.</p>															

Summary	Description
<p>Unauthorised repairs</p>	<p>Making sure that your gadget is repaired to a high standard enables us to continue to provide this insurance cover.</p> <p>We want your gadget to continue functioning which is why we only use our approved repairers.</p> <p>We also want the ability for us to assess the damage to your gadget in order to best decide whether to repair or replace the gadget.</p> <p>If you have your gadget repaired without our opportunity to do this then we may not pay your claim.</p> <p>In the event you have had your mobile device repaired prior to taking out this insurance and that repairer has not been authorised by the manufacturer, we will not pay for any future breakdown of the device.</p>
<p>Contents of your gadget</p>	<p>We only cover the gadget, we don't cover the contents. This means that any pictures, software, downloads, apps, music or any other content is not covered by this policy so make sure you back it up regularly.</p> <p>This also means that if any of the data or information stored on your gadget is used to access any existing accounts or opening new accounts through fraud, we do not cover any financial losses as a result of these acts.</p> <p>There are lots of ways to back up the contents of your gadget and we suggest you do this regularly so if you have a claim and you lose your gadget's contents as a result, you can download it on to your replacement gadget and be up and running again in no time.</p>
<p>Accessories</p>	<p>We only cover the gadget we do not cover any accessories</p> <p>Items which connect to your gadget are not covered by this insurance policy (e.g. chargers, cases, SIM cards, memory cards, headphones etc.)</p>
<p>Other losses</p>	<p>Any cost or losses that can't be resolved by the repair or replacement of your gadget.</p> <p>We don't cover any loss of profit, opportunity, subscription fees, line rental, goodwill or similar losses. We just cover the gadget and any unauthorised network charges.</p>

Summary	Description
<p>Modifications</p>	<p>If your gadget has been modified in any way we will only replace the gadget, we do not cover the modifications that have been made.</p> <p>Modifications are anything that changes the way your gadget looks or operates from the original specifications. This includes things like adding gems, precious metals or making software changes such as unlocking your gadget from a network.</p>
<p>Proof of ownership</p>	<p>We need to know that the gadget you are claiming for is yours or a family member's (or owned by the business if this is a business policy). Therefore you will need to provide some form of proof of ownership.</p> <p>You will need to be able to tell us the make and model of your gadget. We may ask to see something that tells us that the items you are claiming for belong to you and confirms the make, model or serial number (IMEI number for mobile phones) and memory size (where relevant) of your gadget. If the serial number or IMEI number on the gadget has been tampered with and we are unable to verify this we will decline your claim.</p> <p>For mobile phones the IMEI number is the unique serial number. You can find it by inputting *#06# into your mobile phone. It should also be noted on the documentation that came with your mobile phone when you purchased it. Your airtime provider may also be able to provide it to you. Proof of ownership could include a till receipt or documentation from any online purchase, or in the case of mobile phones documentation from your network provider. If you don't have any proof of ownership we may decline your claim.</p>
<p>Counterfeit devices</p>	<p>We do not cover any mobile devices that are manufactured in a way to resemble devices made by another company in breach of any copyright laws, or devices that are created by using parts from a number of different phones.</p> <p>Where we receive a claim for any devices that fall into this category we will return the mobile device to you unrepai red and the claim will be declined.</p>
<p>Losses incurred as a result of the sale of your gadget</p>	<p>We do not cover any loss of your gadget or any loss of money expected from any transaction, from the sale or trade your device. This is because the gadget will have been actively passed to an individual or business and, therefore, no loss or theft has taken place. We therefore recommend you take precautions if you sell your gadget, such as;</p> <ul style="list-style-type: none"> • waiting for payment (including waiting for cheques to clear) before releasing your gadget, • using a secure payment service, • not accepting cash payments from people you don't know (who could be using forged banknotes), and; • ensuring your gadget is sent using a reliable and suitably insured delivery service.

Actions you will need to take on loss, theft, breakdown or damage to your gadget

Cover for loss is only applicable if you have selected this additional level of cover

We may ask for evidence of this to support any claim for the loss or theft of your gadget.</p>
If your gadget is lost or stolen report it to the Police	<p>Tell the Police about any lost or stolen gadget as soon as you can, we will ask you to provide the Police reference number before we will pay any claim for loss and theft.</p> <p>If you have difficulty reporting your incident to the police please contact us and we can help to guide you.</p> <p>If you are outside of the UK when the gadget is lost or stolen, please contact the relevant local authorities to report the incident and obtain a reference number from them.</p>
Report any loss or theft to the place you believe it has been lost or stolen from	<p>We expect you to report your gadget as lost or stolen to the place you think it has been lost or stolen from.</p> <p>Often gadgets are found and handed in to the place they were found at. We expect you to report the loss or theft of your gadget to the place you think it was lost or stolen from or is most likely to be handed back to. We may ask you to provide the details of where your gadget was lost or stolen from and actions you have taken to try to recover it.</p>
Report your claim to us as soon as you can	<p>Tell us about a claim as soon as you can. We expect you to tell us about any claim as soon as possible after discovery of the loss, theft, breakdown or damage.</p> <p>If you don't do this it we will still consider your claim, however it makes it difficult for us to investigate your claim, recover your gadget if it is lost or stolen or stop any further damage to your gadget. You can log your claim online, by telephone, by email or in writing, it is really simple.</p>

How to make a claim

Summary	Description
Step One:	<p>Please make sure you have read the "Actions you will need to take on loss, theft, breakdown or damage to your gadget" section as this tells you what we may need from you in order to settle your claim.</p> <p>If your Mobile Device has the functionality, activate any location finder app or software to help you in retrieving it. This may also enable you to lock and wipe the data stored on your mobile device.</p>

You can do this by contacting us by either:</p> <ul style="list-style-type: none">a) Registering and logging in to MyBubble - your online account portal at protectyourbubble.com and submitting your claim or;b) Calling our customer services team on 0330 333 4792c) Emailing our customer services team at customerservices@protectyourbubble.comd) Writing to us at Protect Your Bubble, PO Box 1033, Uxbridge, UB8 9PX
Step Three:	<p>We will walk you through the simple claims process and tell you what information and documents you will need to provide for us to assess your claim.</p>
Step Four:	<p>You will need to pay your excess for every accepted claim. Your excess will need to be paid before we settle your claim.</p>
Step Five:	<p>We will either repair your gadget or send you a replacement.</p> <p>Following a successful claim for the loss or theft of your device we will blacklist the handset in order to prevent it from being used. It is still important for you to bar your SIM card with the network as soon as possible.</p> <p>If you are sending you're damaged device to us for repair you must remove any locking mechanism (e.g. Find My iPhone) before we receive it. If this is not done it will delay your claim and your mobile device may be returned to you unrepared in order to remove any locking mechanism. We will not be able to complete a claim until we can confirm the security features have been removed.</p>

We do understand that every claim can be quite different and we will make every effort to take this into consideration when we review a claim.

What you need to know about the claims process

- Repairs may be made using readily available parts, or we will provide refurbished products which may contain parts, which are of similar or equivalent specification, and which may include unbranded parts. This policy is provided in addition to any manufacturer's warranty that applies to your gadget ("applicable manufacturer's warranty"). Nothing in this policy is intended to affect your rights under the applicable manufacturer's warranty or your statutory rights. If any repairs authorised by us under this policy invalidate the applicable manufacturer's warranty, we will repair or replace your gadget, as necessary, in accordance with the terms of the applicable manufacturer's warranty for the unexpired period of the applicable manufacturer's warranty
- Where we replace the gadget the replacement will be a remanufactured (not brand new) device
- If we are unable to replace your device with the same make and model, we will contact you to discuss an alternative claim settlement
- If any lost, stolen or damaged items are recovered after the claim is approved, they shall become the property of the insurer and must be returned to us immediately. Damaged gadgets, parts and materials replaced by us shall become the property of the insurer
- Assurant General Insurance Limited handle all claims.
- When sending in your gadget for repair please DO NOT send in your SIM or memory card, any other accessories or any other items that do not relate to the repair such as the manual or box as these will be destroyed at the repair centre. We are unable to recover and return these items.
- Where possible, you should make a back-up and delete any data stored on the device as it will be wiped as part of the repair process, or in case we can't make a repair and need to send you another replacement phone.

What if your claim is rejected?

If you're not happy with the claims decision, we want to hear from you as soon as possible. Please follow the complaints process.

If your claim for a lost or stolen gadget has been rejected then insurance cover for that gadget will cease and no further insurance premiums will be collected for it. If you only have the one gadget insured with us this will result in your policy cancelling.

Fraud

We do not tolerate any aspect of fraudulent activity. We work closely and share data with other insurers, law enforcement agencies, fraud prevention agencies and airtime providers to identify fraud and support prosecution where the appropriate evidence exists. Our fraud team works tirelessly to prevent and detect fraud. It is important that when applying for insurance, or submitting a claim you or anyone acting on your behalf must take reasonable care to answer all questions honestly and to the best of your knowledge. Failure to do so may affect the validity of your policy or the payment of your claim.

If false or inaccurate information is provided and fraud is identified then we will

- Not honour the claim and we will cancel your policy. If an excess has been paid this will not be returned, this is not a penalty this is to cover administration costs
- Report you to the relevant authorities and take legal action, if necessary, to recover any money already paid to you under this insurance policy
- Put the details of the fraudulent claim onto a Register of Claims through which insurers share information to prevent fraudulent claims. A list of participants and the name and address of the operator are available on request
- Pass the details to fraud prevention agencies. Law enforcement agencies may access and use this information. Other organisations may also access and use this information to prevent fraud and money laundering, for example, when –
